TOWN OF PLAINVILLE

WARRANT

FOR THE

SPECIAL TOWN MEETING

MONDAY, OCTOBER 28, 1985

at 7:30 P.M.

THE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss

To Either of the Constables of Plainville:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Plainville qualified to vote in town affairs, to meet in the Beatrice H. Wood Elementary School Auditorium, South Street, in said Plainville, on

MONDAY, OCTOBER 28, 1985

at seven thirty o'clock in the evening, then and there to act on the following articles, viz:

ARTICLE 1: To see if the Town will vote to raise and appropriate or transfer from available funds the sum of \$3,888., to be added to the school department's fiscal year 1986 budget, said sum to be expended on direct service expenditures as that term is used in Chapter 70A, to enable the School Committee to qualify for an Equal Educational Opportunity Grant as provided in Chapter 188 of the Acts of 1985, in the additional amount of \$3,888. in fiscal year 1986, or do or act in any manner relative thereto.

ARTICLE 2: To see if the Town will vote to accept the provisions of Section 13 of the School Improvement Act. Section 13 of Chapter 188 of the Acts of 1985 reads as follows:

Section 13: There is hereby established a professional development grant program for the purpose of supplementing teacher compensation in cities, towns, and regional school districts, educational collaborative or independent vocational schools.

Each city, town or regional school district, educational collaborative or independent vocational school shall receive, subject

to appropriation, as hereinafter provided, a professional development grant; provided, however, that such city, town or regional school district has accepted the provisions of this section. Cities and towns may accept the provisions of this section by a majority vote of the School Committee and the appropriating authority. Regional school districts may accept the provisions of the section by a majority vote of the regional school committee and approval of two-thirds of the appropriating authorities of the member cities and towns.

On or before February fifteen, nineteen hundred and eighty-six the Commissioner of Education shall distribute an amount not to exceed nineteen million nine hundred and fifty thousand dollars to cities, towns, and regional school districts. The purpose of such distribution shall be to award professional development grants. The amount awarded to a city, town, regional school district, educational collaborative, or independent vocational school shall be the amount nineteen million nine hundred and fifty thousand dollars multiplied by a fraction, the numerator of which shall be the number of pupils enrolled in the day program of the city, town or regional school district, and the denominator of which shall be the total number of pupils enrolled in day programs of all cities, towns, and regional school districts, educational collaboratives and independent vocational schools.

On or before August fifteen, nineteen hundred and eighty-six the Commissioner of Education shall distribute an amount not to exceed seventeen million and one hundred thousand dollars to cities, towns, and regional school districts, educational collaboratives and independent vocational schools. The purpose of such distribution shall be to award professional development grants. The amount awarded to a city, town or regional school district, educational collaborative, or independent vocational school shall be the amount seventeen million and one hundred thousand dollars multiplied by a fraction, the numerator of which shall be the number of pupils enrolled in the day program of the city, town, regional school district, educational collaborative, or independent vocational school and the denominator of which shall be the total number of pupils enrolled in day programs of all cities, towns, and regional school districts, educational collaboratives and independent vocational schools.

On or before February fifteen, nineteen hundred and eighty-seven the Commissioner of Education shall distribute an amount not to exceed fourteen million and two hundred and fifty thousand dollars to cities, towns and regional school districts, educational collaborative and independent vocational schools. The purpose of such distribution shall be to award professional development grants. The amount awarded to a city, town, regional school district, educational collaborative or independent vocational school shall be the amount fourteen million and two hundred and fifty thousand dollars multiplied by a fraction, the numerator of which shall be the number of pupils enrolled in the day program of the city, town or regional school district and the denominator of which shall be the total number of pupils enrolled in day programs of all cities, towns, regional school districts, educational collaboratives and independent vocational schools.

On or before August fifteen, nineteen hundred and eighty-seven the Commissioner of Education shall distribute an amount not to exceed eleven million and four hundred thousand dollars to cities, towns, regional school districts, educational collaboratives and independent vocational schools. The purpose of such distribution shall be to award professional development grants. The amount awarded to a city, town, regional school district, educational collaborative or independent vocational school shall be the amount eleven million and four hundred thousand dollars multiplied by a fraction, the numerator of which shall be the number of pupils enrolled in the day program of the city, town, regional school district, educational collaborative or independent vocational school and the denominator of which shall be the total number of pupils enrolled in day programs of all cities, towns, regional school districts, educational collaboratives and independent vocational schools.

Professional development grants shall be deposited with the treasurer of such city or town to be expended by the school committee, without further appropriation, for teacher compensation for school teachers employed in any public school in the Commonwealth, except persons in training and those employed or temporary substitutes. Any such grant so made available to a regional school district, educational collaborative or independent vocational school shall be deposited with the treasurer of such district or school to be expended for the purpose of teacher compensation. Said grants shall be apportioned by the school committee or board subject to an agreement negotiated between said school committee, educational collaborative board or board of trustees of independent vocational schools and the appropriate employee organization pursuant to the provisions of Chapter One Hundred and Fifty E of the General Laws, or do or act in any manner relative thereto.

ARTICLE 3: To see if the Town of Plainville will vote to approve the acceptance by the King Philip Regional School District Committee of a professional development grant payable by the Commonwealth of Massachusetts on February 15, 1986, August 15, 1986, February 15, 1987 and August 15, 1987 for the purpose of increasing teacher compensation under the provisions of Section 13 of Chapter 188 of the Acts of 1985, or do or act in any manner relative thereto.

ARTICLE 4: To see if the Town will vote to raise and appropriate the sum of \$40,000. to fund additional town insurance costs, or do or act in any manner relative thereto.

And you are directed to serve this Warrant by posting copies thereof in six (6) public places, in said Town, fourteen (14) days at least before the time of holding said meeting.

Hereof, fail not, and make due return of the Warrant with your doing thereon, to the Town Clerk at or before the time and place of said meeting as aforesaid.

Given under our hand this 30th day of September in the year of our Lord one thousand nine hundred and eighty five.

MINUTES OF SPECIAL TOWN MEETING, MONDAY, OCTOBER 28, 1985

A Special Town Meeting of the Town of Plainville was held on Monday, October 28, 1985, in the auditorium of the Wood School on South Street in Plainville. The meeting was called to order at 8:15 P.M. by Moderator Kathleen Parker. Opening of the meeting had been delayed from 7:30 due to lack of a quorum. A total number of seventy seven voters were checked in for the evening.

Bounds of the hall were set at being the chairs set up on the floor of the auditorium for voting purposes, with all other persons to be seated in the bleachers. Moderator stated that all motions and amendments must be in writing, and all discussion directed through the Chair.

The counters appointed to the Moderator's left were Kenneth Cox and Barbara Meyer; to the Moderator's right, Gail Watkins and Fred Paul III.

The Moderator stated that there was a typographical error in the warrant, being that in Article 2, on page 3, in the fifth line of the second paragraph, the word "or" should read "as".

Motion by Ray Felix, seconded by Richard Silveira that Attorney John Lee, Robert Brothers, Francis Cinelli and William Costa be allowed to speak at this Special Town Meeting.

SO VOTED UNANIMOUSLY

ARTICLE 1: Motion by Paul Camber, seconded by Wallace Matthews, that the Town accept an equal educational opportunity grant for the fiscal year 1986, in the amount of \$3,888. under the provisions of General Laws, Chapter 70A, Section 5, as inserted by Chapter 188 of the Acts of 1985.

SO VOTED UNANIMOUSLY

ARTICLE 2: Motion by Wallace Matthews, seconded by Robert Hartnett that the Town accept the provisions of Section 13 of Chapter 188 of the Acts of 1985, which provide for a professional development grant payable by the Commonwealth of Massachusetts on February 15, 1986, April 15, 1986, February 15, 1987, and August 15, 1987, for the purpose of supplementing teacher compensation. *

SO VOTED UNANIMOUSLY

* word "grant" omitted from written motion, but was read verbally as a part of the motion, and therefore is included as a part of these minutes.

ARTICLE 3: Motion by Keith Grant, seconded by Robert Hartnett that the Town approve the acceptance by the King Philip Regional School District Committee of a professional development grant, payable by the Commonwealth of Massachusetts, on February 15, 1986, August 15, 1986, February 15, 1987 and August 15, 1987, for the purpose of increasing teacher compensation under the provisions of Section 13 of Chapter 188 of the Acts of 1985.

Mr. Paul questioned whether or not this constituted a raise for teachers and Mr. Grant's reply was negative.

Mrs. Parker stated that a two thirds vote was required on this article, but in view of the fact that the last two articles had passed by a unanimous vote, she would ask for a voice vote first, and if there were any

dissenting votes, she would call for a count. There were no voice votes against the motion.

ARTICLE 3 PASSED UNANIMOUSLY

ARTICLE 4: Motion by Virginia Silveira, seconded by Richard Silveira--the Finance Committee recommends and I so move, that Article 4 be accepted as printed, such monies to come from the Overlay Surplus Account.

Mr. Matthews and Mr. Hartnett responded to questions by Mrs. Perry, explaining that the possibility had been discussed of obtaining tri-town rates, with legislation pending to make this practice possible, and that the matter had also been discussed with Mass Municipal Association at a recent meeting, and will be discussed with them further at a meeting with Selectmen at a later date.

Mrs. Silveira questioned Plainville being in the "high risk" category.

Mr. Paul questioned why the amount budgeted for the insurance was so much less than the amount bid. Mr. Silveira explained that the money was budgeted based on a ten or twelve percent increase over last year, and that the only bid that was received came in some \$40,000, over the budgeted amount.

ARTICLE 4 PASSED UNANIMOUSLY

All business before this Special Town Meeting having been completed, a motion was made by Wallace Matthews, and seconded by Ugo Bona, to adjourn the meeting.

SO VOTED UNANIMOUSLY

Meeting was adjourned at 8:48 P.M.

Respectfully submitted,

Kathleen M. Sandland
TOWN CLERK

KMS/j

ARTICLE 51: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$2,500.00 to supplement full time coverage in the Water/Sewer Departments, or do or act in any manner relative thereto.

ARTICLE 52: To see if the Town will vote to accept the property known as Bliss Union Chapel on Taunton Street as a gift from the surviving heirs of Leonard Carpenter Bliss and provide a revolving annual fund of Five Hundred Dollars (\$500.00) to maintain it as an historical site, or do or act in any manner relative thereto.

ARTICLE 53: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$1,000.00 to fund repairs and maintenance to the Bliss Chapel on Taunton Street, or do or act in any manner relative thereto.

ARTICLE 54: To see if the Town will vote to add the following section to the Personnel By-Law, Chapter II, Article XII - VACATION LEAVE:

12.5 The Town, through its Department Heads, with the approval of the Board of Selectmen or other responsible Boards or Commissions, reserve the right to substitute pay in lieu of vacation leave, or do or act in any manner relative thereto.

Note: The adoption of this provision will enable payment to all personnel for unexpended vacation leave.

ARTICLE 55: To see if the Town will vote authorize the Board of Selectmen to petition the Great and General Court of the Commonwealth of Massachusetts to allow for the recall of any holder of an elective office or to take any other action relative thereto.

ARTICLE 56: To see if the Town will vote to insert the words "/or" after the words "Town Library and" into Article 3 of the Special Town Meeting Warrant of May 21, 1979, so that it reads:

ARTICLE 3. To see if the Town will vote to set aside Town-owned land, described as Parcel 13 on Assessor's Plan 11B consisting of 20,160 square feet and located at the corner of School Street and Spring Street, for the proposed construction of a building to contain a Senior Citizen Drop-In Center, a new Town Library and/or such other facilities or combination of facilities as may be directed by the potential grant, or do or act in any manner relative thereto.

ARTICLE 57: To see if the Town will vote to raise and appropriate or to transfer from available funds the sum of \$26,400.00 to fund vocational education as provided for in Chapter 74 of the General Laws of Massachusetts, such sum to be expended under the direction of the local school committee, or do or act in any manner relative thereto.

ARTICLE 58: To see if the Town will vote to accept an Equal Educational Opportunity Grant for Fiscal Year 1987 in the amount of \$19,435.00 under the provisions of General Laws, Chapter 70A, Section 5, as inserted by Chapter 188 of The Acts of 1985. Said grant shall be expended by the School Committee for direct service expenditures with funds provided solely by the Commonwealth, or do or act in any manner relative thereto.

ARTICLE 59: To see if the Town will vote to accept the Fiscal Year 1987 Professional Development Grants for Plainville Public School Teachers pursuant to Chapter 188, Section 13, of The Acts of 1985. Said Professional Development Grants will only be offered provided funding is distributed solely by the Commonwealth for that purpose, or do or act in any manner relative thereto.

ARTICLE 60: To see if the Town will vote to amend the Town By-Laws as they apply to the Finance Committee to allow the Board of Selectmen to declare an emergency when the Finance Committee can not gather a quorum to conduct official business which the Board of Selectmen deem critical to the Town's well being. This state of emergency allows the Finance Committee to hold official meetings without a quorum but any affirmative action will require the same number of votes as if a minimum quorum was present. Such state of emergency can only be initiated by the Chairman of the Finance Committee or the Vice Chairman acting in the absence of the Chairman and must be issued by the Board of Selectmen. It can only be initiated after 3 meetings without a quorum and is terminated at the completion of the meeting for which it was declared, or do or act in any manner relative thereto.

ARTICLE 61: To see if the Town will vote to accept General Laws, Chapter 64G, Section 3A, to impose a local room occupancy excise at the rate of 4 per cent effective the first day of the calender quarter, (January 1, April 1, July 1 or October 1), after the acceptance at town meeting, or do or act in any manner relative thereto.

ARTICLE 62: To see if the Town will vote to amend the By-laws regarding the Plainville Finance Committee. The quorum size for regular Finance Committee meetings will be one half of the currently elected or appointed members. The included table will specify the quorum for the range of Committee positions,

MEMBERS	QUORUM	MINIMUM AFFIRMATIVE VOTE
9	5	3
8	4	3
7	4	3
6	3	2
5	3	2
4	2	2
3	2	2

or do or act in any manner relative thereto.

ARTICLE 63: To see if the Town will vote to amend the Town By-Laws as they apply to the Finance Committee to allow for the recall of elected and/or appointed members of the Finance Committee. Recall must be for cause. The only valid criteria for recall is non attendance of Finance Committee meetings or conflict of interest. Finance Committee members are required to attend at least 50% of the Committee's meetings. Recall must be initiated by the Finance Committee and requires a 2/3 vote of all Committee members. Conflict of interest is determined by 2/3 vote of a review committee that consists of the Board of Selectmen, the Town Treasurer, the Moderator and the Chairman of the Finance Committee, or do or act in any manner relative thereto.

ARTICLE 64: To see if the Town will vote to amend the Town By-Laws as they apply to the Finance Committee to allow appointment of Finance Committee members when there is a sufficient attendance at meetings to form a quorum to appoint members. After 3 officially announced meetings without a quorum, the Finance Committee Chairman can request that the Town Treasurer, the Town Moderator and the Board of Selectmen become voting members of the Finance Committee for the sole purpose of appointing members to vacant positions on the Committee, or do or act in any manner relative thereto.

ARTICLE 65: To see if the Town will vote to accept as a public way the street known as Shepardville Drive, as shown on the definitive plan entitled Shepardville Estates dated May 25, 1979, scale 1"=50', Earth Services Corporation P.O. Box 196 Raynham, MA, which plan is recorded with the Norfolk Registry of Deeds Book 329/483 Page 11/101, or do or act in any manner relative thereto.

And you are directed to serve this Warrant by posting copies thereof in six (6) public places, in said Town, Fourteen (14) days at least before the time of holding said meeting.

Hereof, fail not, and make due return of the Warrant with your doing thereon, to the Town Clerk at or before the time and place of said meeting as aforesaid.

Given under our hand this 10th day of March in the year of our Lord one thousand nine hundred and eighty six.

A true copy, Attest:

As part of discussion of Article 12, Mrs. Soucy explained the need to have the Planning Board budget restored, stating the need to meet commitments already made, and also the need for a phone & copy machine of its own, as their meetings often lasted later than the other offices were open, leaving the Planning Board access to neither of these items.

Motion by David Lomasney, seconded by Robert McAlice to amend the Planning Board budget to \$3,200, all from taxation.

Walter Sandland requested a five minutes recess at 8:21 stating that he felt he might have a solution to the problem. Request was granted and the meeting reconvened at 8:29, at which time Mrs. Soucy stated that the Board had been given a copy machine, and urged that the amendment be defeated.
SO VOTED

Motion by Andrea Soucy, seconded by Paul Spadoni to amend the Planning Board budget to be \$2,350. from taxation.

Motion by Walter Sandland, seconded by Andrea Soucy to amend the amendment to read that the Planning Board budget be \$2,350., of which \$900. will be from clerical account from FY1985 and \$1,450. from taxation.
SO VOTED UNANIMOUSLY

Motion by Eugene Alsworth, seconded by Joseph Gormley that the Cable TV Advisory expenses be amended to read \$450. from taxation and local receipts. Mr. Alsworth explained that this cost was to cover tapes for meetings that must be kept as permanent records. A standing vote was called by the Moderator. Result of vote: Yes 52 No 18
AMENDMENT CARRIED

Mr. Spadoni questioned why the Wiring Inspector's expenses had been cut without the Finance Committee requesting a meeting with him. Mr. Matthe responded to this question.

Motion by Robert Fawcett, seconded by Wallace Matthews that the Council on Aging budget be amended to read \$30,354 for salaries, \$10,800 for expenses for total of \$41,154 by taxation. The Finance Committee stated that this had been a typographical error.
SO VOTED

Motion by Lena Choma, seconded by David Lomasney to amend the Library budget to read Salaries \$11,574., Expenses \$13,950 (including books and expenses) for a total of \$25,524. Mrs. Choma explained that the Library was in need of paint and repair, and Mrs. Fluck stated that it was important to maintain the repair of the library, since when it was no longer needed for this purpose, the Historical Commission has been unofficially promised the use of the building. Chief Sandland stated that he knows of a team that will do the work for only the cost of the materials and meals, and he said he would arrange for the team to come in.
AMENDMENT PASSED

Motion by Keith Grant, seconded by Patrice Giovanoni to amend the King Philip Expenses to read \$1,154,173. from taxation and local receipts. Mr. Grant explained reasons for his amendment, and Mr. Lomasney pointed out this was a 2.2% increase, compared to a 6.6% increase in the local school budget.
AMENDMENT PASSED

Finance Committee stated that the amended total for Article 12 was \$4,980.478.

Mrs. Parker called for any further discussion on Article 12, and Mr. Fawcett stated, for informational purposes, that it should be pointed out that the Town received approximately \$18,000. reimbursement from GATRA, annually.

Question was called and seconded, vote showing 82 in favor of calling the question, and none opposed.

Vote on Article 12 as amended:

UNANIMOUS IN FAVOR

Moderator declared a ten minute recess at 9:35, and the meeting reconvened at 9:46.

ARTICLE 13: Motion by Virginia Silveira, seconded by Michael Lee--the Finance Committee recommends and I so move, that the Town vote to transfer from free cash the sum of \$20,000 for the Reserve Fund to provide for the extra ordinary unforeseen expenses as authorized by Section 6, Chapter 40 of the Mass. General Laws.

Mr. Lomasney questioned the amount in the Reserve Fund, and the figure was given as \$10,000 for last year, but corrected to \$5,000. Mr. Lomasney questioned the authority of the Treasurer to expend funds not appropriated. Mr. Matthews and Mrs. Parker responded to this question, with Mrs. Sandland taking over the Chair temporarily.

ARTICLE 13 PASSED

ARTICLE 14: Motion by Deborah Gard, seconded by Robert Hartnett--the Finance Committee recommends and I so move that the Town vote to raise by taxation and transfer from State Aid the sum of \$40,000. to improve and upgrade town roads, such sums to be expended under the direction of the Highway Superintendent.

Mrs. Soucy questioned this cut in the requested figure, and Mr. Fredrickson explained that the additional state aid available made this figure acceptable.

ARTICLE 14 PASSED

ARTICLE 15: Lost for lack of a motion.

ARTICLE 16: Motion by Virginia Silveira, seconded by Richard Silveira--the Finance Committee recommends and I so move that the Town vote to raise and appropriate from taxation and local receipts the sum of \$500. for the normal repairs and maintenance of the Town-owned building known as the Scout House on Spring Street.

UNANIMOUS VOTE

ARTICLE 17: Motion by Deborah Gard, seconded by Virginia Silveira--the Finance Committee recommends and I so move, the Town vote to raise from taxation and transfer from state aid the sum of \$10,000. for Town Funds to be used in conjunction with and in addition to any funds allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of Town roads.

At this point the Moderator called a five minute recess to allow the Town Clerk to consult Town Counsel on a pertinent matter.

Meeting reconvened at 10:19.

Moderator withdrew the motion on Article 17, since there appeared to be a problem with the stating of funding in motions.

Motion by David Lomasney, seconded by Michael Lee to adjourn this meeting until Tuesday, April 22, 1986 at 7:30 P.M. SO VOTED

Meeting was adjourned at 10:20 P.M.

Respectfully submitted,

ADJOURNED SESSION OF APRIL 15, 1986 ANNUAL TOWN MEETING--3rd Session
APRIL 22, 1986

The adjourned session of the Annual Town Meeting was held on Tuesday, April 22, 1986 in the auditorium of the Wood School, and was called to order at 7:50 P.M. Counters to the Moderator's right were Paul Spadoni and Marcia Silvestri; to the Moderator's left, Dorothy Arnold and Andrea Soucy. Town Clerk Kathleen Sandland was appointed Ballot Box Officer. The same rules and bounds applied as for the previous session, with only registered voters to be seated in the chairs on the auditorium floor, all others being seated in the bleachers.

Wallace Mathews of the Finance Committee announced that the Committee will make motions to reconsider the sources of revenue for Articles 12, 14 and 16. He stated that the Finance Committee does not support any changes to the appropriated amounts. The purpose of the reconsideration would be to clear up an error in the language that identifies the sources of funding.

The fourth session of the adjourned April 14, 1986 Annual Town Meeting for the Town of Plainville was held on Monday, April 28, 1986 in the auditorium of the Wood School on South Street, and was called to order at 7:55 P.M. by Moderator Kathleen Parker, having determined that a quorum had been reached. There were seventy seven voters checked in for the evening.

Bounds of the hall for voting purposes were set as being the chairs on the auditorium floor, with all non registered persons to be seated in the bleachers. Moderator stated that all motions and amendments should be in writing and all discussion directed through the Chair, and that any person speaking should state his or her name and use the microphone.

Counters appointed to the Moderator's right were Joanne Hastings and Paul Spadoni; to the Moderator's left, Dorothy Arnold and Kenneth Cox.

ARTICLE 38: Motion by Wallace Matthews, seconded by Virginia Silveira--the Finance Committee recommends and I so move that the Town transfer \$249.00 from the Update Property Values article and \$45,751.00 from free cash for a total of \$46,000.00 for a revaluation of all properties for the Fiscal Year 1988 as mandated by the Commonwealth of Massachusetts, such sums to be expended under the direction of the Board of Assessors.

Motion by William Clarke, seconded by Lawrence Carpenter to amend the motion to read as follows: To raise and appropriate the sum of \$70,000. \$50,000. from free cash and \$20,000. from taxation, for a full Revaluation of all properties for the Fiscal Year 1988, as mandated by the Commonwealth of Massachusetts, such sums to be expended under the direction of the Board of Assessors.

Mr. Clarke gave explanation for reason for difference in figures, and Mr. Matthews explained the Finance Committee's viewpoint. Mr. Peasley questioned whether it might cost more in the long run if voters followed the Finance Committee's recommendation.

ARTICLE 38 PASSED AS AMENDED

ARTICLE 39: Failed for lack of a motion.

ARTICLE 40: Motion by Karl Grube, seconded by Richard Silveira--the Library Trustees move that the Town appoint a Library Building Committee to work with the Library Planning Building Consultant for a site selection study, economic survey, and architect selection to prepare preliminary drawings; said committee to present its findings at the next Town Meeting. Aforesaid Committee to include but not be limited to, the three members of the Library Board of Trustees, one representative from the Board of Selectmen, one representative from the Finance Committee, and two members from the community.

It was moved and seconded to amend the motion by adding the word "Annual" and this change was approved unanimously.

Motion by Wallace Matthews, seconded by Susan Sliwinski--the Finance Committee recommends and I so move that the Town appoint a Library Building Committee to work with the Library Planning Building Consultant for for a site selection study, economic survey and architect selection to

prepare preliminary drawings; said committee to present its findings at the next Annual Town Meeting. Aforesaid Committee to include one member each from the Board of Selectmen, the Finance Committee, the Library Trustees, and two members at large.

There followed considerable discussion as to the make up of this committee, and Mrs. Perry raised the question as to whether it shouldn't be included as part of the motion, who would be making the appointments. The Moderator agreed with this point, and stated that she would entertain an amendment to the amendment. Mr. Peasley questioned why the Finance Committee was involved with this article as there is no funding required, and both Mr. Matthews and Mrs. Silveira responded to this question, stating that it would lead to funding eventually.

FINANCE COMMITTEE'S MOTION DEFEATED

ARTICLE 54 TABLED

ARTICLE 55: Motion by Patricia Walls, seconded by Paul Spadoni--I move that the Town vote to authorize the Board of Selectmen to petition the Legislature to enact the following special legislation providing for the recall of any holder of an elective office.

SECTION 1. Any holder of an elective office in the Town of Plainville may be recalled, and removed therefrom by the qualified voters of said Town as herein provided.

SECTION 2. Any qualified voter of the Town of Plainville may file with the Town Clerk of said Town an affidavit containing the name of the officer sought to be recalled and a statement of the grounds of recall. Said Town Clerk shall thereupon deliver to the voter making such affidavit a sufficient number of copies of petition blanks demanding such recall, printed forms of which he/she shall keep on hand. The blanks shall be issued by the Town Clerk with his/her signature and official seal attached thereto; they shall be dated and addressed to the Selectmen of said Town; shall contain the name of the person to whom issued, the number of blanks so issued, the name of the person sought to be recalled, the grounds of recall as stated in said Affidavit, and shall demand the election of a successor to such office. A copy of the petition shall be entered in a record book to be kept in the office of the Town Clerk. The recall petition shall be returned and filed with said Town Clerk on or before the first workday following twenty (20) days after the filing of the Affidavit. Said petition before being returned and filed shall be signed by ten (10) percent of the registered voters in said Town and to every signature shall be added the place of residence of the signer, giving the street and number.

The said recall petition shall be submitted, at or before three o'clock in the afternoon of the Monday preceding the day on which it must be filed, to the registrars of voters in said Town, and the registrars shall forthwith certify thereon the number of signatures which are names of voters of said Town.

SECTION 3. If the petition shall be found and certified by said Town Clerk to be sufficient, he/she shall submit the same with his/her certificate to said Selectmen without delay and said Selectmen shall forthwith give written notice to said officer of the receipt of said certificate and shall, if the officer sought to be removed does not resign within five (5) days thereafter, thereupon order an election to be held on a Tuesday fixed by them not less than twenty-five (25) days after the date of the Town Clerk's certificate that a sufficient petition is filed;

provided, however, that if any other town election is to occur within sixty (60) days after the date of said certificate, the Selectmen may, in their discretion, postpone the holding of said recall election to the date of such other election. If a vacancy occurs in said office after a recall election has been so ordered, the election shall nevertheless proceed as in this section provided.

SECTION 4. Any officer sought to be recalled may be a candidate to succeed himself/herself, and, unless he/she requests otherwise in writing, said Town Clerk shall place his/her name on the official ballot without nomination. The nomination of other candidates, the publication of the warrant for the recall election, and the conduct of the same, shall be in accordance with the provisions of law relating to elections, unless otherwise provided in this Act.

SECTION 5. The incumbent shall continue to perform the duties of his/her office until the recall election. If then re-elected, he shall continue in office for the remainder of his/her unexpired term, subject to recall as before, except as provided in section seven. If not re-elected in the recall election, he/she shall be deemed removed upon the qualification of his/her successor, who shall hold office during the unexpired term. If the successor fails to qualify within five (5) days after receiving written, certified notification of his/her election, the incumbent shall thereupon be deemed removed and the office vacant.

SECTION 6. Ballots used in a recall election in said Town shall submit the following propositions in the order indicated:

For the recall of (name of officer)

Against the recall of (name of officer)

Immediately at the right of each proposition there shall be a square in which the voter by making a cross mark (X) may vote for either of such propositions. Under the proposition shall appear the word "Candidates" and the direction "Vote for one" and beneath this the names of candidates nominated as herinbefore provided.

SECTION 7: No recall petition shall be filed against an officer of said Town within three (3) months after he/she takes office, nor in the case of an officer subjected to a recall election and not removed thereby, until at least six (6) months after that election.

SECTION 8. No person who has been recalled from an office in said Town, or who has resigned from office while recall proceedings were pending against him/her, shall be appointed to any town office within two (2) years after such removal by recall or resignation. This section, however, shall not preclude any person from running for elected office within said Town.

SECTION 9. This Act shall be submitted for acceptance to the voters of the Town of Plainville at its next Annual Town Meeting in the form of the following question which shall be placed on the official ballot to be used for the election of Town officers at said meeting: "Shall an act passed by the general court in the year nineteen hundred and eighty-six entitled 'An Act authorizing the Town of Plainville to recall holders of elective office, be accepted'? If a majority of the votes in answer to said question is in the affirmative, then this act shall thereupon take full force and effect in the Town of Plainville but not otherwise. At any time except as herein provided after the expiration of six (6) years

from the date on which this act is accepted, and not less than ninety (90) days before the date of an annual Town election, a petition signed by not less than fifteen (15) percent of the registered voters of the Town may be filed with the Selectmen, requesting that the question of revoking the acceptance of this Act be submitted to the voters. Thereupon the Selectmen shall cause to be printed on the official ballot to be used for the election of Town officers at the annual Town election next following the filing of such a petition the following question: "Shall the acceptance by the Town of Plainville of an Act passed by the general court in the year nineteen hundred and eighty-six entitled 'An Act authorizing the Town of Plainville to recall holders of elective office, be revoked?" If a majority of the votes in answer to said question is in the affirmative, the acceptance of this act shall be revoked and it shall become null and void beginning with the first day of the month next following such revocation, following approval by the Attorney General's office. A petition to revoke the acceptance of this Act shall not be filed more often than once in every three (3) years.

Due to the fact that people had not had enough time to study this proposal, as there had been no literature prepared to hand out to the voters, Motion was made by Everett Skinner, seconded by Barbara Meyer to table action on Article 55 until the next Annual Town Meeting. Result of vote: In favor 47 Opposed 4 Needed to pass 35.

Annual Report

of the

TREASURER

TOWN OF PLAINVILLE, MASSACHUSETTS

FOR THE YEAR ENDING JUNE 30, 1986

REPORT OF THE TOWN TREASURER

To the Honorable Board of Selectmen:

The Treasurer's office accounted for \$7,823,053.80 Regular Cash Receipts and \$165,449.11 Special Cash Receipts during Fiscal Year 1986. In addition, we processed through Treasury Warrants \$7,304,866.44 in Regular Cash and \$67,549.59 in Special Cash.

In June, 1986, we issued short-term debt in the form of Bond Anticipation Notes totalling \$55,000.00. The issuance of this debt was in accordance with the Annual Town Meeting vote for Fiscal Year 1986 and funded the purchase of a dump truck and a compressor. The notes were purchased by BayBank, S.E. at a rate of 4% per annum and were repaid in August, 1986. No other short-term borrowing was necessary during the fiscal year.

We retired \$145,000.00 from our long-term debt obligations. These sums were for Sewer Projects, Water Projects and Water Tank Repair.

This report includes a categorical breakdown of cash receipts and of long-term debt schedules. Also, it includes a breakdown of the Treasurer's appropriation for the year, a statement of the Fund Balances at June 30, 1986 and a reconciliation statement of the Treasurer's Cash at June 30, 1986.

Respectfully submitted,

Kathleen A. Parker
Town Treasurer

Annual Report

of the
SCHOOL COMMITTEE

OF
PLAINVILLE, MASSACHUSETTS

FOR THE YEAR ENDING JUNE 30, 1986

REPORT OF THE SCHOOL COMMITTEE

At the annual reorganization meeting, Mr. Paul Camber was elected Chairman, Mrs. Kathleen Roach was elected Vice-Chairman, and Mrs. Patrice Giovanoni was elected Local Representative to the King Philip Regional School District.

This was both a busy and a fruitful year for the Plainville Elementary Schools. The major decisions and accomplishments are as follows:

1. Mr. Thomas Fallon was appointed to the position of Coordinator of Special Education/School Psychologist. Mr. Fallon's dedication and hard work have brought the needed expertise and leadership to this important area of education.

2. Chapter 188 of the Acts of 1985 made the following grants available:

- a. The Equal Educational Opportunity Grant was accepted by the Committee with a request for matching funds from the Town of Plainville.
- b. The Professional Development Grant, to supplement teacher salaries, was accepted by the Committee.
- c. School Improvement Councils were established for both the Wood and the Jackson Schools. The Wood School Improvement Council recommended transforming an all-purpose room into a school library for grades 3-6.

The Jackson School Improvement Council recommended initiating a computer education program for grades 1 and 2.

The Committee approved both recommendations for use of the grant monies.

3. The Committee voted to accept a computer curriculum for Grades 3-6 at the Wood School. There are currently twelve AppleIIc computers in the Wood School.

4. A new policy was adopted for assignment of students to classes. Under the new policy, the Superintendent of Schools, with recommendations from the classroom teachers, will be responsible for student classroom assignments.

5. The Committee adopted a policy for classroom visitation by parents or legal guardians. The new policy requires permission from the building principal prior to any classroom visitation.

6. The Department of Education conducted a Compliance Review of Special Education in the Plainville Schools. The School system was found to be in compliance with the laws governing special education.

7. The Committee adopted a new science curriculum for the School system. The Silver Burdett Science Program was chosen to be implemented in September.

8. The Committee voted to accept United Way funds for the Project Face Program, "Making Friends, Making Choices." This program, dealing with drug and alcohol use, was presented to the sixth grade in May. Parental permission was required. Two meetings for parents and an in-service program for faculty and administrative personnel were also held.

9. The Committee accepted, with regret, the resignation of Chairman Paul Camber effective in June 1986. Vice-Chairman Kathleen Roach was elected as the new School Committee Chairman.

The above are considered the major accomplishments during the 1985/86 school year. The Committee would like to thank the residents of Plainville for their moral and financial support of their elementary school system.

We extend our appreciation to the Staff, Administration, and Parent Volunteers for a fine year. I would personally like to thank my fellow Committee members for their dedication and hard work.

Respectfully submitted,

Kathleen A. Roach

Plainville School Committee

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The 1986-87 school year began with a new science program. Your superintendent and curriculum revision committee, after a year of study and research, recommended the Silver Burdett Science Program and it was adopted by the School Committee. The curriculum revision committee spent numerous hours in research, workshops, and visiting other school systems to come up with what we considered the best science program for the children of Plainville.

The Plainville School System awarded a new three (3) year transportation contract to Holmes Transportation Corporation of Norfolk, MA. The new contract will expire in June, 1989. The local School Committee also approved a new working agreement with the cafeteria workers.

Before school started the Jackson School had its main lobby retiled. Both the Jackson and Wood Schools had the Merlin telephone system installed and waiting areas for visitors and parents were established.

The School Committee voted to have M.A.S.C. (Massachusetts Association of School Committees) establish a policy book for the Plainville Public School System and entered into a contracted services agreement with said group. It is expected to be completed by the end of calendar year 1987.

The Plainville Public Schools were the recipient of considerable funds from both the State and Federal governments during the past year. Besides our usual Chapter I and Chapter II Block Grants and our PL 94-142 funds, the school system received monies from the new School Improvement Act (Chapter 188 of the Acts of 1985). Plainville received \$3,888 in an Equal Educational Opportunity Grant (E.E.O.G.). The money was used to fund a clerical position for the Special Education department. The system also received \$11,668. in Professional Development money. This grant was divided equally among all eligible faculty members as a salary enhancement and as a thank you for all they had done to improve the Plainville Public Schools over recent years. Last but not least, the system received \$5,420. in School Improvement Council funds. The Wood School Improvement Council, with approval from the School Committee, converted the all-purpose room into a new library for students. The Jackson School Improvement Council, with approval from the School Committee, initiated a computer program for grades 1 and 2. It should be noted that the School Committee accepted a new Computer Curriculum program presented by the Superintendent and staff in late 1985.

The school year started in an unusual manner. Hurricane "Gloria" visited the area and caused about \$3,500 in damage to the schools. Roof repairs were necessary at the Wood School and a few broken windows were replaced. On a more positive note, Mrs. Judith Neilson was hired as an added position in grade 1. Judith had been an aide in the system previously. Also employed in the new consolidated position of Coordinator of Special Education/School Psychologist was Mr. Thomas Fallon of Sharon, MA. Mr. Fallon was quickly greeted by a

Special Education Compliance Review. The results will be noted in next year's annual report since it is currently ongoing.

During the annual reorganization meeting of the school committee, Mr. Paul Camber was re-elected Chairman and Mrs. Kathleen Roach was elected Vice-Chairperson. Mrs. Patrice Giovanoni was elected representative to the King Philip Regional School Committee. It should be noted that Mrs. Giovanoni was re-elected to a new three (3) year term on the school committee. Mr. Neil Loew of Mathurin Road was also elected to the committee replacing Mr. Peter Galligan who did not seek re-election.

Mr. Camber resigned his seat on the committee in late June because he and his family were relocating to Florida. Mrs. Roach was elected Chairperson and Mr. Camber's seat, after a joint meeting between the School Committee and the Board of Selectmen, was filled by Mr. Alan Lovely of Warren Street.

The school year had its sad moments to go along with its happy events. The School Committee and Superintendent would like to express its sympathy to the family of Mr. Charles Simmons, a local school bus driver for many years who died in a tragic accident during the school year. The school department would also like to acknowledge the resignations of Mrs. Anna "Nancy" Cronin, a 13 year kindergarten teacher, and Mrs. Sylvia Armeson, a special education aide for 15 years. Both will be sorely missed. They have both relocated to Cape Cod and the Superintendent and School Committee wish them well in their future endeavors.

Mrs. Cronin's position of kindergarten teacher will be filled by Mrs. Martha Roche of Norwood, Mass.

The Plainville Parent/Teacher Organization continues to support the public schools through its fund-raising activities. This year, the P.T.O. sponsored two book fairs, the annual Fun Fair, a Poet (Mr. Steve Ratiner) in Residence Program, and many more cultural events. The organization purchased needed equipment for the classrooms, library, playground and computer program. After a one-year hiatus, the P.T.O. plans to resume its highly successful after school enrichment program. This program was a tremendous success and its return is anxiously awaited by all. The P.T.O. hope everyone will join its organization. Dues are \$2.00 per family. All monies are used to support the public schools with needed equipment and cultural opportunities.

The following cultural, extra-curricular, academic-related and business-related programs occurred during the 1985-1986 school year and are planned for continuance during the 1986-87 school year.

- Web of Life Outdoor Education Program at Sandwich Mass. A one-week boarding-in program for sixth graders
- Whale Watch - a one day ocean trip out of Plymouth, MA for sixth graders held in late Spring
- Field days for all students in both schools

- Kindergarten Talent Show
- A Time for Sharing (Thanksgiving and Christmas Project)
- Christmas Musical Production at the Wood School
- Ronald McDonald Safety Show
- A return of the P.T.O. After School Enrichment Program
- School picture taking through the T. D. Brown Corporation
- Continuation of the Latch Key Program sponsored by the Hockomock Y.M.C.A.
- Continued membership in Project SPOKE's Purchasing Collaborative
- Continued membership in MECC (Minnesota Educational Computer Consortium)
- Continued involvement with Project FACE regarding alcohol and substance abuse programs
- Continued involvement in the BICO and Project SPOKE Special Needs Collaboratives
- Continued involvement in the Tri-Town Committee affairs for articulation and problem-solving in the elementary and secondary King Philip School District
- Continued involvement with the Southwood Hospital Alcohol and Substance Abuse Consortium

In closing, I would like to thank the Plainville School Committee, all school personnel. parents and taxpayers for their support of the public schools during the past year.

Respectfully submitted,

Francis J. Cinelli

District enrollment in fiscal 1986 totaled 1,619 compared to 1,697 in fiscal 1985. This marks the eleventh year in a row that enrollment has declined since reaching a high of 2,188 in 1975. Projections indicate a continuing decline in total District enrollment until 1991. Most of this decline will occur at the Senior High because the Junior High enrollment has stabilized. Currently, the only significant student increases at the elementary level are at or below the second grade level.

Student teacher ratios were approximately 25-1 at the Junior High, 20-1 at the Senior High and 12-1 at the Vocational High. These ratios have remained fairly constant over the preceding several years and reflect a correlation between reduction in staff and the decline in enrollment.

During 1986, three veteran employees retired. Mr. Albert Governor, Junior High english teacher, was employed by the District for sixteen years. Mrs. Dorothy Mitchell, a clerk-secretary at the Junior High, and Mrs. Barbara Fink, secretary to the superintendant, were employed by the District for twenty and twenty-four years, respectively. These individuals served the District in an exemplary manner. Their loyalty and dedication is acknowledged with great appreciation.

The results of the 1986 basic skills testing, given annually to ninth grade students since 1981, were as follows and are compared with the five prior years:

	<u>Percent of Students Passing</u>					
	<u>1986</u>	<u>1985</u>	<u>1984</u>	<u>1983</u>	<u>1982</u>	<u>1981</u>
Reading	95	95	96	94	93	95
Writing	86	93	82	85	88	89
Mathematics	98	97	98	99	95	87
Listening	99	99	98	97	NA	NA

The decline in the 1986 writing test scores, although a continuing concern of the District, is less dramatic than it appears because the 1985 passing rate of 93% was 11 points higher than in 1984.

The Class of 1986 achieved a combined SAT score of 874, which broke a six year trend of increases. A total of 136 students took the test in 1986 compared with 161 students in 1985. A comparison of SAT scores for the past ten years is as follows:

<u>Year</u>	<u>Score</u>	<u>Year</u>	<u>Score</u>
1986	874	1981	876
1985	913	1980	874
1984	910	1979	872
1983	907	1978	907
1982	891	1977	892

Any given SAT score is affected by the number and particular make-up (high, middle and low achievers) of students sitting for the examination. It appears the 1986 decline was attributable to the particular population of students who took the examination.

The Class of 1986 had 70% of its academic students go on to higher education and 27% enter the workforce. With respect to the vocational graduates, 85% entered their respective trades.

Two additional statistics which demonstrate the value of the comprehensive programs available at King Philip are the attendance and dropout rate. King Philip ranks in the top ten high schools in the state with a daily attendance of 93% and in the top five high schools in the state with a dropout rate of less than 1%.

The major piece of legislation affecting public education in 1986 was the enactment of Chapter 188 of the Act of 1985, namely, the Massachusetts Public School Improvement Act. The major sections of this act affecting King Philip are as follows:

Formula Grants

- A. School Improvement Grants; to provide for non-budgeted assistance to the schools; funded at \$10 per student; will be implemented in fiscal 1987.
- B. Horace Mann Teacher Program; to provide additional teacher services; funded at 6% of the number of teachers times \$2000; will be implemented in fiscal 1987.

- C. Professional Development Grants; to provide additional teacher compensation; funding based upon the number of students; the first installment was received on February 15, 1986 amounting to \$39,231 (\$293.33 per teacher); future installments are \$33,627 (actual) on August 15, 1986 and \$28,000 (estimate) on February 15, 1987 and \$22,000 (estimate) on August 15, 1987.
- D. Minimum Teachers Salary Grants; to raise minimum salaries to \$18,000; not adopted by the Committee.

Testing

- A. Curriculum Assessment testing of reading, mathematics, and science at grade levels 7 and 11 and given biannually. The first test results are reported hereunder.
- B. Basic Skills testing for grade 9 in reading, writing and mathematics and given annually; commencing in fiscal 1987.

Data Collection

Involves immense reporting requirement to generate annual data and statistics concerning suspensions, truants, dropouts, frequency, etc. and is scheduled to begin in fiscal 1987.

The results of the first curriculum assessment testing program as mandated by Chapter 188 for King Philip (KP) were as follows and are compared with the state average and similar kinds of communities (KOC) as defined by the state:

<u>Grade 7</u>	<u>KP</u>	<u>KOC</u>	<u>State</u>
Reading	1330	1390	1300
Mathematics	1360	1390	1300
Science	1340	1380	1300

Grade 11 - Academic

Reading	1400	1390	1300
Mathematics	1390	1410	1300
Science	1380	1410	1300

Grade 11 - Vocational

Reading	1210	1180	1200
Mathematics	1160	1200	1200
Science	1210	1190	1200

This assessment program is designed to provide benchmark information on school progress and will be used to design reform legislation. Because of the biennial testing and different grade levels involved, it will take several years to collect the necessary data to assess performance trends with any degree of accuracy.

The Committee adopted an Acquired Immune Deficiency Syndrome (AIDS) policy which is designed to deal expeditiously, factually and fairly with potential AIDS cases and with due regard to the rights of individuals involved and to the health of students and staff.

A Home Education policy was also adopted which sets forth the Committee's procedural regulations dealing with the state law which provides parents the right to educate their children at home.

Miss June Coutu, social studies teacher at the Senior High, was appointed by Governor Dukakis to the Governor's Advisory Commission to Commemorate the Bicentennial of the U.S. Constitution. Miss Coutu, President of the Massachusetts Council for Social Studies, was the only Massachusetts teacher so chosen.

The Marching Band capped a year of outstanding achievements by winning the New England championship.

The District hired consultants who implemented a health care cost containment program. This program features self-pay on claims, an excess insurance policy to cover catastrophic medical claims, audits of all employee claims submitted to third party payors, and other cost control devices. Since this plan was not adopted until the Spring of 1986, the savings resulting from this plan will not be realized until fiscal 1988 and beyond.

The excess and deficiency account amounted to \$9,000 as of June 30, 1986. As a result, there is little margin for error in budgeting. Concerted efforts have been made by the District Administration and the Committee to prepare open, honest and realistic budgets that include the actual costs of providing education. Simply put, salary increases, inflation and increases in certain uncontrollable costs will exceed a "desired 2 1/2%" net assessment funding level by the three regional communities. As a result, every effort is made to encourage members of the Finance and Advisory Boards of the regional towns to participate in the budget process.

The District was required to request budget assistance in the Spring of 1986 by requesting special article consideration by the three-member towns to fund unanticipated out-of-district special education costs of \$27,000 and excess Norfolk County Retirement costs of \$11,716. All three towns passed these articles.

The Committee also requested special article consideration for the construction of tennis courts (estimated cost of \$55,000) and a running track (estimated cost of \$125,000). These articles were passed at the town meeting in Plainville and defeated at town meetings in Norfolk and Wrentham.

The five-year plan adopted in fiscal 1985 has provided a valuable tool for budgeting expenditures for books, supplies, materials, and equipment, library support and repairs and maintenance.

Funds for repairs and maintenance are very important because of the aging physical plant. The High School is 30 years old and the Junior High is 20 years old. Roofing, boilers, pumps, pipes and electrical subsystems all are experiencing the problems associated with advanced age. During the initial years of Proposition 2 1/2, this area was one of the first budget items to be slashed. During the past two years, serious efforts have been made to restore funds for preventive maintenance and ongoing repairs.

On behalf of the Committee, I wish to thank the residents of Norfolk, Plainville and Wrentham for their support of the King Philip Regional School District. The Committee welcomes your suggestions and encourages you to attend their meetings.

Respectfully submitted,

Keith Grant, Chairman
King Philip Regional School District Committee

KING PHILIP REGIONAL SCHOOL DISTRICT

Report of the Superintendent

I hereby submit my 14th annual report as Superintendent of the King Philip Regional School District.

The primary concern of most parents and the community at large, when discussing the regional school system, are the quality of the educational experiences of their children and the financial cost. There certainly is a relationship between the two that cannot be ignored, but I believe, presently, we have developed a school system of exceptional strength at a cost much lower than those with comparable levels of achievement. A strong well-taught curriculum with sufficient variety to meet individual needs has been created at a financial cost within the funding abilities of the communities served.

There are many mechanisms for measuring achievement. I have listed several widely used standardized testing systems that serve as benchmarks for King Philip in comparing our students with other school systems:

- Preliminary Scholastic Aptitude Tests (Grade 11)
- Scholastic Aptitude Tests (Grades 11 and 12)
- Massachusetts Assessment Testing (Grades 7 and 11)
- Massachusetts Basic Skills Testing (Grade 9)
- Iowa Tests of Basic Skills (Grades 7 and 8)

We also monitor the success of King Philip students by reviewing statistical data related to students -

- entering all types of higher education
- entering schools and programs of acknowledged quality
- remaining in higher education once accepted
- dropping-out rates
- attendance rates

The above are collected for both academic and vocational graduates and students, as well as additional data concerning vocational students entering areas in which they gained trade certificates, or closely allied areas.

Whatever index one decides to use, King Philip graduates have excellent records of success.

Since the high school is approaching its thirtieth year of operation and the junior high school is almost twenty years-old, there is a need for large scale maintenance, repair, renovation and replacement projects, for both educational and building equipment and systems. These will be areas requiring increased funding over the next decade. The older portion of the high school roof has been replaced. Being thirty years old it is approaching the end of its useful life span. It will be a critical need and an expensive project in the next three to eight years.

Long caps, Proposition 2½ and the lack of appropriate state aid have impeded, and deterred, the meeting of our goals to this point in time. Increased costs, decreased support, enrollment declines with an accompanying loss of staff and the problems of an aging physical plant are impediments to maintaining and enhancing quality that must be dealt with now and for the foreseeable future. I'm certain that we shall continue to devise methods of overcoming anything that could threaten the kind of educational system the students need and deserve.

Senior High School - Academic Division

King Philip Regional High School has been accredited by the New England Association of Schools and Colleges and will file a five-year progress report in March of 1987.

King Philip Regional High School juniors scored above the state average in the recent Educational Assessment Testing in Reading, Mathematics, and Science.

Three of many important accomplishments of our students during the last few years have been: 70% of our academic students have pursued a college education and 85% of our vocational students are employed in jobs related to their programs of study. Listed as one of the top five public high schools in the Commonwealth of Massachusetts for daily attendance, King Philip Regional High School students have averaged 93%, and, because of program offerings, our drop-out rate has remained at less than 1% and ranks in the top five of Massachusetts public high schools.

The main office has continued the utilization of the IBM AT Computer for student information profiles, computerization of all high school attendance reports and the grade reporting for the freshman and sophomore grades. Additional information has been computerized such as the program of studies booklet and individual course outlines.

Students have continued to participate in the MIT High School Studies Program, Dean Junior College, Southeastern Massachusetts University, and exchange time with other colleges and universities. The summer school has introduced many remedial and enrichment course.

The Language Arts Department has promoted writing skills and reading labs to assist students who were unsuccessful in the Basic Skills Competency Test; developed a freshman and sophomore vocational English course; continued the advanced placement course in the senior year.

The Social Studies Department remains involved in the Hugh O'Brian Youth Leadership Seminars, State Government Day, and class elections. Field trips play an important part in the study of government to the Wrentham Courthouse, Law Day, Miller's Court, local correctional institutions, and the Hockomock League Senate.

The Foreign Language Department offers students five years of French and Spanish, two years of Latin, and one year of German (German II scheduled for 1987-1988); continued with Advanced Placement French for seniors, and tutorial programs in the Norfolk and Wrentham Elementary Schools.

The Mathematics Department meets the students' needs of the computer era and has developed a two year Algebra I course for students who have difficulty with abstract mathematics.

The Science Department has developed new freshman courses and strengthened the higher level courses in Chemistry and Physics.

The Fine and Performing Arts Department has expanded course offerings in the Art and Music fields. Students have had success in the Globe Scholastic Art Contest, and the marching band and color guard is one of the top bands in the state.

The Physical Education Department has developed carry-over activities and new health course "Skills for Living" for all freshmen and sophomores. The new Physical Education Internship has met the needs of students furthering their education in the health/physical education field.

High school athletics, intramurals, and school clubs continue with an increase in student participation from all levels. Future areas of expansion are in volleyball and wrestling.

The communities, parents, and students should be very proud of the accomplishments of their high school.

Senior High - Vocational Division

In a world of rapidly changing technologies the demands placed upon vocational high schools have become both more intensive and more extensive. There is so much more to be known about more areas that vocational schools must make serious informed curriculum decisions to create relevant programs of appropriate diversity and strength to meet emerging student and industrial needs.

A considerable amount of time and energy were expended by the vocational staff in 1986 in meeting these particular issues. The present, imminent and future needs of the trades we offer were scrutinized and analyzed. The total curriculum was assessed, evaluated and altered to meet those projections. A competency based vocational education curriculum is being developed. The upgrading of vocational students' academic skills has been emphasized. Closer alliances with businesses and industries have been implemented. There have been a variety of inservice programs, for the upgrading of staff skills, conducted within the school system. A larger amount of funding has been designated for maintenance, repair and equipment replacement and upgrading under the District's Five Year Plan. Competitive grants have been sought and received to assist the process.

The changes are important for students pursuing trade and industry certificates. They are also important to the very large number of students taking vocational electives throughout the trade areas, as well as to the increasing number of special needs students who require the skills offered by the vocational division for gainful employment purposes and to satisfy the legal and educational requirements of their Individual Education Plans.

In addition to strengthening its own curriculum, the vocational division tripled the number of public service activities it engaged in within the District and the number of repair/construction activities within the school system. Further, the emphasis on higher levels of performance led to a substantially increased number of vocational students winning awards and commendations within the trade, industry and business areas.

The school has in the past and will in the future continue to emphasize CRAFTSMANSHIP, SPIRIT and PRIDE! It is possible in the vocational division for vocational, academic and special needs students to learn the newest skills required by business and industry while simultaneously developing "carry-over" personal qualities that are of significant value no matter what occupations the students eventually pursue.

The King Philip Regional Vocational High School continues to offer unique programs for vocational, academic and special needs students. It also provides specialized programs tailored to specific needs and goals.

The ability to be flexible while maintaining high standards has enabled the school to maintain a very low drop-out rate and a very high job placement (and job success) record. It is a difficult program for administrators/teachers to schedule and demanding to teach, but it presents the best possible opportunities for the students.

Junior High School

The following items are those which I feel made positive contributions to the educational development of our students and staff within the King Philip Regional School-North during 1986.

After a very successful school opening, our staff welcomed an excellent parent turn-out for the September open house. During the evening, parents followed their youngsters' schedules in order to meet teachers and become familiar with course content, classroom organization and homework policy.

September saw the inception of a revised science curriculum at King Philip Regional School-North. After a well-developed inservice training program our staff selected textbooks and materials to incorporate an Earth Science program within the science curriculum for grades seven and eight.

Inservice computer instruction for our staff continued in the Language Arts and Social Studies departments. Under the direction of Algot Runeman teachers are becoming more adept at using the computer as a teaching tool within their respective disciplines.

Special thanks to the district Lions Clubs for their continued financial support of our "Skills for Adolescence" program. This year's seventh grade program has been highlighted by student developed community service projects.

The Harvard-Milton Study Skills program has been extended to our English curriculum. Staff training has been initiated for both Mathematics and Science with a September 1987 target date for program implementation.

Congratulations are in order to the outstanding achievement of those Junior High School students who participated in our Academic Awards Ceremony in June. More students are achieving at higher levels.

Our students send special thanks to the many parents and friends who participated in our annual fund raiser. The parents were a tremendous help in supporting our Student Activities Fund.

District Pupil Personnel Services - Guidance and Special Education Services

The single most significant issue for 1986 continued to be the increasing costs for mandated programs. For years, especially since the onset of the 4% and the 2½% tax caps, we estimated our budgets at very minimal levels in the belief that increased support would be coming through the State reimbursements. Unfortunately this did not occur and costs continued to rise at a much greater rate than the current tax caps. As a result, it became necessary in 1986 to go back to the town's for additional funds and to significantly increase our budget for 1986-1987.

To date this seems to be working. Special needs costs, however, continue to rise and therefore must our budgetary requests in order to keep pace.

Our new Individual Educational Plans have been computerized to conform with the regulations which became effective on September 1, 1986. By January 1, 1987 local school systems were expected to begin using the new forms. Exceptions were granted to those systems which had large supplies of the old forms. King Philip will inaugurate its new computerized I.E.P.'s sometime in February at which time parents will begin receiving the new forms.

Robert Doherty assumed his new duties as Department Head for Guidance in September 1986 and has provided greater support to the program. Also in September, Ruthanne Farwell joined the high school guidance staff as secretary replacing Judith Dalpe. Mrs. Dalpe became secretary to the Director replacing April Stelzmann who transferred to the Superintendent's staff.

Two replacement staff members included Carol Meuser, speech therapist for the District, and Jeanne Poulin, school psychologist at the Junior High School.

During the summer months we continued the long process of putting the transcripts of our graduates on microfilm. This job is far from complete and will continue through the summer of 1987 and possibly into 1987. As parts of the process are completed we shall be notifying the graduates of the destruction of their records and requesting if they want to receive any or all of their records they must contact the Guidance Office before the scheduled date of destruction.

Finally, although staffing has remained very stable for the past six or seven years, with no new additions requested, we are now reaching the point at which we are beginning to need more personnel. Our immediate concern is another full-time "floating" secretary who can be assigned to both the junior and senior high schools in either the Guidance or Special Needs areas, as the demand requires. An adjustment counselor for the District to work more closely with families is also a growing need. Lastly, it appears that within the next three to five years we will also have to be requesting one or two more special needs teachers and possibly a counselor. The statutory demands being placed on the local systems to provide substantially increased services is now affecting us in a very direct way.

Conclusion

The School Committee has actively participated and supported us in our many endeavors. Its leadership and cooperation remain active and vital. I also sincerely appreciate the efforts of our students, their parents, teachers, guidance counselors, nurses, custodians, office personnel, cafeteria workers, and administrators in all our schools.

The success of the schools is dependent upon the interaction of all who teach, learn, serve and support the schools in the Regional District.

REPORT OF THE BOARD OF ASSESSORS

July 1, 1985 to June 30, 1986

In the fiscal year 1985 we were able to maintain the same tax rate of \$19.25 per thousand as in the fiscal year 1985.

The updating of properties was completed by Appraisal Consultants of New England. A public hearing was held on September 3rd 1985 and the selectmen voted to maintain 100 % value tax share for each classification of properties.

New construction resulted in an increase in valuations of \$6,008,737.00 or \$115,667.25 in additional tax revenues.

The Board of Assessors are available to the public for consultations between 7:00 PM and 9:00 PM Monday evenings.

REPORT OF THE BOARD OF HEALTH

To the Citizens of Plainville:

This year the Surgeon General reported that second hand smoke poses a significant health risk to non-smokers. In order to promote a healthier public environment, the Board of Health now requires all restaurants to provide a no-smoking section.

The Board of Health is pleased to report that the underground tank registration and testing program has been an unqualified success. One of the greatest threats to groundwater is posed by leaking underground fuel tanks. One gallon of gasoline can contaminate one million gallons of groundwater to the point that it can be smelled and tasted and is unfit to drink.

Massachusetts Department of Public Safety figures indicate that the average age of underground storage tanks (UST's) in this state is 15.2 years. According to one EPA report, 35% of tanks less than twenty years old are likely to leak, while 57% of the tanks older than twenty years can be expected to leak.

The Board of Health tank registration program revealed a total known inventory of 360,400 gallons. Many tanks were over twenty years old, some commercial tanks more than thirty years old, and the vast majority exceeded ten years. Within two years twenty-seven tank owners have removed or replaced tanks, thus eliminating a potential 108,600 gallons of fuel stored underground in the oldest tanks. An additional 38,000 gallons of tank capacity is scheduled to be removed. All of the oldest tanks have been replaced. No significant leaks have been reported.

All of this was achieved at almost no cost. In fact, the only expenses were mailing costs for 150 postcards, and no more than \$250.00 in inspection costs over the two year period.

The Board of Health sincerely thanks our Health Agent Frank Wojciechowski, Animal Inspector Maurice Ouimet and Secretary Gail Schriever for their dedicated assistance.

Respectfully submitted,

Everett Skinner, Chairman

Plainville, MA 02762

Dear Mr. Skinner:

Enclosed is the Annual Board of Health Report for the town of Plainville.

We apologize for the delay in getting these statistics to you, however, due to a computer conversion, the processing of these reports were delayed.

The report indicates the number of visits, in each discipline, as well as various clinics held; the number of unduplicated number of patients; and, expenditures. In addition to the dollar amount indicated, additional monies were expended into our Hospice program. We are attaching a copy of the Hospice Annual Report which will give you a better insight of the ongoing efforts and time given into this very special program.

Also, CHA has purchased a Reflotron Reflectance Photometer which will be used for cholesterol screening. The Reflotron was purchased for \$1,665 which represents one third of its total cost as it will be shared by two other home health agencies.

If I may be of further assistance, please contact me.

HOSPICE OF CHA

Annual Report 1986

Our hospice program provided direct service to 65 terminally ill persons and their families in the past year. In addition, 35 families sought and received consultation regarding the care and support of a dying person who did not come onto the CHA caseload. Adding to these measurable totals the sizable number of persons reached by hospice through programs offered to the public and professional and church groups, I feel we can say our program has had a significant impact on our community in the past year.

When CHA's Hospice team recalls 1986 we'll remember the victory of Ora, our videotape star, who died as he wished, at home with his family. So many of us felt his loss that we held a memorial service at our office and his family joined us to celebrate the life of an unforgettable man. We recall the presentation Joy and Elizabeth made with slides and music, speaking to the spiritual needs of the dying and its moving finale - Frank's tape, made just before his death to reminisce, comfort and advise his wife and children. The family offered this in gratitude to Hospice. We remember the terrible sorrow of parents caring for their dying children and the devoted skill with which hospice nurses, social workers, volunteers and aides supported them. Each of us has special memories; mine center around caregivers, volunteer and staff, who continue to learn, share their skills and creativity, and generously support each other in the difficult, rewarding work they do. I value the privilege of being part of this effort.

The Hospice team continues to develop more sophistication in early identification of needs for Hospice services and in symptom management.

Changes in nursing staff require on-going orientation and training which is carried out by the Clinical Coordinators with the assistance of Ruth and me. Nurses have commented on how demanding the work of Hospice is for home health aides who spend the greatest amount of time with patients, yet have the least support and training. I hope to address this problem in the coming year.

Our social workers continue to offer valuable support to caregivers as well as families. Both participated in grief support groups offered to the public. Carol O'Connor has assisted with teaching of Hospice volunteers and with a training program Ruth organized for Sturdy Memorial Hospital volunteers. This year social workers have begun to offer hospice assessment visits when indicated; they are able to interpret the program and tailor services to patient needs. Several changes have taken place on our team this year. Dr. Kaufman resigned to devote more time to parenting and Dr. Davis left because of increased hospital commitments. Both had been supportive members and we miss them. New physicians are Dr. Roy Nelson who brings his experience as an anesthesiologist

and expert in pain control, and Dr. Donya Powers, a new family practitioner from Seekonk. Both are proving to be faithful and interested participants on the team. Another new face is that of Bill Halpin, a counsellor from La Salette, who is so interested in Hospice he has agreed to attend on a weekly basis to provide the long-needed pastoral care component. In addition, Bill offers insight and support to staff and plans to work with Ruth in volunteer training.

Ruth Gower trained one class of new volunteers this year and now has prepared 50 volunteers for hospice work. She meets with them twice a month and reports that 41 families had volunteer services this year. Ruth has also recruited Helen Shamey as an office volunteer and we are fortunate to have Helen's able assistance two days every week.

In addition to working with volunteers, Ruth provides assistance on many levels to make the program run smoothly. One of the most valuable is in the role of community liaison through her contacts at Sturdy Memorial Hospital and many other groups. Ruth is active in the Massachusetts Hospice Federation Education Committee and volunteer director's group. She is responsible for all hospice correspondence, including the prompt and gracious acknowledgement of all donations. Team meetings could not run without her attention to the myriad details from supplying members with patient information and nourishment to hosting and chairing some meetings.

Weekly hospice team meetings have been supplemented on several occasions by meetings of smaller groups in case conferences or support groups which sometimes include family members. We have increased our contacts with local schools and have conducted support and information meetings for teachers in Seekonk, consulted with guidance counsellors in Attleboro, North Attleboro and Franklin. Because of this interest, we hope to reach out to more school personnel in the future.

The on-call service, a vital component of Hospice, has been ably provided this year by Betty Blackham and Doreen Brown with occasional assistance from Beverly Smith. These nurses provide what many families regard as the most reassuring help - a compassionate, knowledgeable nurse who can respond by phone or in person to the frightening problems which arise in the middle of the night. Often they are called on to solve problems of pain management and I am sure many hospital admissions have been avoided because of their quick, skilled response. When patients die during the night, the on-call nurse can facilitate a peaceful transition for patient and family. Hospice owes a great deal to the assistance of Betty, Doreen and Beverly.

Other Hospice activities this year included quarterly meetings with the Hospice Committee of CHA Board of Directors, a class for nursing students at Salve Regina College, and presentations to groups including SMH Social Services Department, Attleboro Council of Churches and the Attleboro Lions Club.

Plans for the coming year include an effort to obtain a Balfour Grant to expand current services and provide new ones. I feel we could double the number of families we serve if we had staff capability to do so. We also hope to extend our contacts at SMH to facilitate more referrals and closer cooperation with the hospital. The need for evaluation of family satisfaction and development of written procedures is still present; I intend to continue to work on these in 1987.

The ability to make a difference is the reward and challenge of Hospice. I look forward to experiencing and sharing this opportunity in the coming year,

NORFOLK MENTAL HEALTH ASSOCIATION, INC.
10 Cottage Street
Norwood, MA 02062

The Norfolk Mental Health Association is a private non-profit corporation governed by a citizen Board of Directors who represent each of the twelve towns in its service area: Canton, Dedham, Foxborough, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood, and Wrentham.

The major programs of the Norfolk Mental Health Association available to Plainville residents are:

CUTLER COUNSELING CENTER which has a large multi-disciplinary staff serving individuals, couples, and families. Services include evaluation, referral, treatment, educational and support groups (e.g. Widowed Lifeline, Gym Program for Children, Social Rehabilitation, Divorce-Separation Workshops, Stress Management), children and adolescent groups, parent-toddler groups, as well as consultation and training services to community agencies, schools, and local industries.

PROJECT HIRE, a sheltered vocational rehabilitation facility for people with emotional, developmental or physical handicaps. Programs include diagnostic evaluations, electronic skill training, work adjustment training and counseling, sheltered long-term employment, and transitional employment and job placement.

CASE-AIDE AND PARENT-AIDE PROGRAMS, offering trained and supervised volunteer aides who provide one-to-one help to clients in the community, families and individuals in crisis, victims of domestic violence, parents at risk of abusing and neglecting their children, isolated elderly.

COMMUNITY EDUCATION PROGRAMS, offering speakers for community meetings, workshops, consultation and educational materials.

During fiscal year 1986, Cutler Counseling Center provided direct services to approximately 59 people from Plainville. The total value of these services was \$15,840 of which the Town of Plainville allocated \$3,050.

In the past year, people from Plainville who came to us for assistance were often referred by friends, neighbors or family, may have read our newspaper, or were referred by clergy, school, physicians, or community agencies. The most common requests for help concerned such problems as depression and anxiety, difficulties in marriage or family relationships, school or behavior-related problems, alcohol or drug abuse, work-related problems, and acute or chronic mental illness.

The Norfolk Mental Health Association Board of Directors includes Rubena Cole, Rev. John Mahoney and Jeannette Pray from Plainville.

December 31, 1986

Town of Plainville

1986 REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the draining of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	1,353 feet
--------------------------	------------

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Larvicide by backpack and mistblowers	97 acres
Catch basin larvicide application	164 count

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide with mistblowers	14 acres
Adulticide U.L.V. from trucks	8,960 acres

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 12 calls from residents for information and assistance.

REPORT OF HIGHWAY SUPERINTENDENT

To the Honorable Board of Selectmen

Gentlemen:

I hereby submit my report of the activities of the highway department for the year commencing July 1, 1985 and ending June 30, 1986.

Highway Maintenance: Streets and sidewalks have been swept and patched with cold mix. Gravel roads have been graded. The South Burial Ground has been mowed and trimmed. Street signs have been repaired or replaced. Traffic lines and crosswalks have been painted throughout the town.

Resurfacing of town roads: The following roads were overlayed with bituminous concrete Type I - 1:

- 2000 feet of Messenger Street
- Ewald Avenue
- Green Street
- Fletcher Street
- Park Avenue
- Grant Street
- State Street

Mirimichi Street had an application of liquid asphalt with a chip seal.

Drainage: Catch basins have been repaired and rebuilt. South Street has had 800 feet of 12 inch aluminum drain pipe installed with new catch basins.

Sidewalks: Curbing was raised on South Street with new sidewalks. East Bacon Street has some new granite curbing with sidewalks rebuilt.

Snow removal: Sanding and plowing was done. Storm drains cleaned.

Trash pick-up: Three men of the highway department work three days of the week picking up trash.

Equipment: A new 10 wheel dump truck is in service. We need new trucks and a new loader.

In closing I wish to thank the men of the highway department for there cooperation and dedication. To all other departments thanks for your help and advice.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

I am pleased to submit the following report of the tree warden for the period July 1, 1985 through June 30, 1986.

Dead and dying trees have been removed and dead limbs cut from trees. Stumps have been removed and loam and seed replaced.

The Boy Scouts of Troop 132 raised funds for the purchase of trees and they were given to residents for planting. In conjunction with this loam and woodchips were given to residents. This program will continue in 1987.

We need to start a plan of tree replacement as trees die from age or insect damage or from environmental damage.

Report of the Conservation Commission

To the Honorable Board of Selectmen:

We hereby submit our report for Fiscal Year 1986.

The Commission joined forces with Conservation groups from Norfolk and Wrentham, to hold a Hazardous Waste Pick-up. The event was quite successful, and was reported to have been one of the best run hazardous waste collections in the area.

Commission members attended various seminars in order to keep abreast of changes in State Wetlands Regulations and to learn to use the regulations more effectively.

The Commission worked with the Board of Health and a representative from D.F.Q.D. to ensure that a major wetlands violation will be corrected.

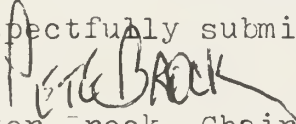

The commission continued the practice of keeping in touch with other Conservation Commissions in neighboring towns in an effort to share information.

Moving towards acheiving the goals of the Town's Open Space Plan, the Commission has been communicating with property owners for the purpose of acquiring conservation land.

The Commission retained the services of a volunteer who reviews properties when the owner submits a Notice of Intent to work in or around wetlands. This has been a great help to the Commission members, some of whom work out of town, and cannot always view sites in a timely manner.

We would like to thank the other Boards and all concerned citizens who have helped to support the Commission's efforts to protect the water resources of Plainville.

The Water Planning Study and Water Distribution Study was completed by Camp, Dresser and McKee, Inc. and population projections were made based on U.S. Census, estimated-Srpedd, Estimated-Mass Dept. of Public Health and CDM projection through the year 2010. Water demand projections were worked up to cover through the year 2005. Through readings and phone calls to determine any expansion of existing facilities, maximum day demands were determined. This figure will increase from 1.17 mgd to 1.98 mgd by the year 2005.

Therefore, it is essential that new water sources be explored. Rebuilding of the pump at the number 1 well appears to be the first step to be taken to increase the existing supply. Some monies have been earmarked for this project. Possibility of new wells being built if areas available. Ferros and water treatment plant. These are water supply improvements to be considered to benefit town over a period of twenty years.

Cleaning and lining or replacing unlined pipe and replacing small diameter lined pipe is warranted. The existing unlined piping within the system ranges between 30 and 80 years old. Iron and Manganese continue to deposit on the interior walls further reducing the area of flow and further increasing frictional resistance to flow. This project should be performed as an on-going annual effort by the Town.

Several new water services has been installed in the last year as well as a good portion of the unconnected sewer properties. Most residents in the Phase I section of town have complied with the Sewer Commissioners requests. We expect shortly to have all properties along the line installed by late spring, or appropriate action taken.

Walter Coleman, a Water/Sewer Commissioner for many years elected not to seek another term last year and was replaced by Russell Babbitt.

The Eastern Area Sewer Project is proceeding as scheduled with Engineering and design phases being worked up. All agreements with North Attleboro going smoothly and grant monies received.

Our new Superintendent is Brian Burtwell who replaced James Marshall who resigned in the spring of 1985.

We wish to thank those who have helped us in any way during the year and extend our appreciation to our customers who have been very patient while we explore the water problems and how best to correct them to the satisfaction of all.

Respectfully submitted,

Plainville Board of Selectmen

Dear Sirs,

During the past year, the trustees have worked very hard to successfully launch a general improvement program for the present library. We have also strived to develop public awareness of the needs of the town for new library services, by gaining town meeting authorization for the formation of a new Library Building Committee, and by surveying residents' opinions of various aspects of a new library and services.

Improvements to the building included a fire alarm system, carpeting for the children's room and front entrance, and the completion of arrangements to have the interior painted. New equipment such as, a color TV to facilitate the use of the planned video cassette collection, has been acquired as well as an AM-FM radio receiver with a cassette player.

Highlights of 1986 were a presentation of projects by architectural students of M.I.T. Professor Halasz , and an animated film festival for children. Our librarian, Mrs. Helen Cobb, also ran a successful summer reading program for children in grades one through six.

With the generous cooperation of Mrs. Cobb and her assistant, Mrs. Carolyn Berkley, the hours of the library were increased to 29, allowing the library to be open five days a week.

All of the above factors contributed to a growing interest in

the library, which is reflected in the nearly 12% increase of circulation to 10,000 volumes during the year. The library now houses 11,683 pieces of multi-media materials.

Fiscal Year 1986 Appropriated Budget	\$23,043
Expenditures	\$22,726

REPORT OF THE HISTORICAL COMMISSION

To the Honorable Board of Selectmen:

Activities of the Historical Commission during the past year included:

- completion of the preservation project for the Angle Tree Stone
- consultation and workshop with Linda Eppich, Curator of the John Brown House (R.I. Historical Society) on effective methods of cataloguing and preserving acquisitions
- a mailing to graduates of Plainville High School asking them to donate items of historical interest to the town; several were received and others promised
- conversations with long-time residents have been tape recorded and added to the file: Oral History of Plainville
- information concerning some of the town's older houses has been shared with new owners upon request
- the proposed Historic District was surveyed and photographed in April; paperwork is ongoing and our survey should be submitted to the Massachusetts Historical Commission during 1987
- attendance by three commission members at a workshop in Quincy on "The Care and Use of Historic Photographs" has led to plans for a future exhibit on recreation in Plainville through the years
- a collection of maps (1830-1888) has been compiled in booklet form as an aid to documenting the ages of local buildings which are more than 100 years old
- the historic triptych has been completed; erection and dedication scheduled for Spring, 1987.

The commission wishes to express gratitude to all who have assisted our work in any way, with special mention of the town's hard-working finance committee. My personal thanks go to Robert Brothers, Ronald Fredrickson, and Everett Skinner for their patient assistance; and, of course, to the Selectmen.

Respectfully submitted,

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen:

I wish to take this opportunity to publicly express my thanks to the personnel of this department for their efforts and accomplishments; for without their expenditures, this department could not progress.

The department is prepared to be responsive to the needs of the community but must have the support of its citizens. Any public agency is a direct reflection of the attitude of the community and this mirror image acts as an impetus for the department or agency to continue to improve itself. When a community develops an apathetic attitude towards a public service, the agency itself becomes apathetic and stagnant and, above all, ineffective.

This stagnation nourishes inefficiency, low productivity levels and prohibits attainment and establishment of goals and objectives -- all of which cost you tax dollars for an ineffective service.

The "mirror image" then focuses back on you with wasted tax monies and an impotent service which places the community in a precarious position that will eventually consume vast amounts of money and personnel to correct. Your input and support are vital if this agency is to provide you with the service that you expect and demand.

We will not always meet your expectations or agree on an issue, but the spirit is here to provide you with the best service at a reasonable cost.

The Commission hired a Director of Recreation, Laura Richards, for the 1987 season. This will enable us to add a recreation program to the parks summer program. The activities will include softball games with neighboring organizations, kickball, basketball, croquet, outings to amusement parks and educational recreational parks.

At the annual town meeting, money was approved for construction of a new storage shed and office.

We would like to thank John Grant for the many hours spent drawing the plans for the new building, which saved us that cost. The new building will be constructed in the spring of 1987.

A 5 year plan to improve and beautify the park has been initiated. After the rush of the summer days are over we will be looking for citizens to become a "Friend of the Park". We are looking forward to publicizing our futuristic plans for Telford Memorial Park.

TOWN OF PLAINVILLE

During 1986 the Town of Plainville continued its membership in the Southeastern Regional Planning and Economic Development district. SRPEDD is a planning and economic development agency formed under state law to serve twenty-eight communities in southeastern Massachusetts by providing a cooperative approach to regional issues.

The District is governed by a Commission consisting of a chief elected official or designee and a planning board representative from each participating municipality and six low-income and minority representatives. Plainville's representatives from the Board of Selectmen's Office and Planning Board respectively, are Andrea Soucy and Richard Stenfeldt.

The agency's purpose is to plan for regional land use, economic development, housing, transit, transportation, solid waste, energy resources and conservation, and air and water quality. Local participation in these regional plans enables communities to be eligible for federal and state dollars.

In addition to regional planning and economic development, SRPEDD assists member cities and towns. Through the free municipal assistance program, each community receives time for local projects and assistance in preparing applications for federal and state funds.

Services to Plainville this past year included:

- SRPEDD provided assistance to the planning board on subdivision reviews and zoning bylaw amendments. SRPEDD also prepared an update of the Plainville zoning map.
- SRPEDD worked on the organization for "Operation Clean Sweep," the household hazardous waste pickup program held in November.
- Under a contract with the Massachusetts Department of Environmental Management, SRPEDD has been working with jewelry and metal plating firms to implement source reduction, a much less costly method to control pollution resulting from the plating process.
- Began West Plainville Circulation Study.
- Began Plainville Road Conditions Study.
- Assisted Planning Board in reviewing traffic impacts of development.

Regional plans and other activities conducted this year benefiting all communities included:

- Approval of over \$21 million in regional grant applications to federal and state agencies and of over \$11 million in Industrial Revenue Bonds.
- Environmental assessment reviews of state and federally funded projects, and reviews of all local zoning amendments. The reviews are advisory and are oriented toward making proposals more cost-effective and feasible.

- The annual update of the Overall Economic Development Program (OEDP) which makes member communities eligible for U.S. Economic Development Administration funding and a 10 percent bonus for public facility projects.
- The annual update of the Transportation Improvements Program (TIP) which lists major projects in each community for federal and state funding. A project must be included in the TIP in order to be eligible for these funds.
- Conducting a community education effort on the safe handling of industrial hazardous wastes under a contract with Southeastern Massachusetts University.
- The Energy Advisor Service, under which SRPEDD markets energy audits at a subsidized rate to companies, continued as a service in 1986.
- The District has provided the two regional transit authorities (SRTA and GATRA) planning technical assistance. Surveys of ridership to determine purpose of trips, number of trips, location of residence and work place and need for expanded services were conducted. Commuter rail service to the District was also analyzed for its existing use and future expansion. The development for providing handicapped accessible transit service was also a prime concern.
- SEED, South Eastern Economic Development Corporation, established and staffed by SRPEDD, provides low-interest, long-term financing to small businesses in southeastern Massachusetts through the U.S. Small Business Administration's "504" Program and a \$1 million revolving loan fund. In 1986 SEED assisted eleven businesses which resulted in total investments of \$5.4 million and created 225 jobs.
- SEED Corporation also received a grant to develop a regional small business incubator, which will be located in Fall River's Industrial Park. This facility will provide rental space and support services for small businesses in their early years.

SRPEDD represents the collective will of its member communities. As the responsibilities and problems of municipalities become increasingly complex, the District can provide technical assistance to local boards, encourage cooperation among communities, and provide a comprehensive approach to issues that cross local boundaries.
